### A FEW POINTERS FOR THE RACING

The committee having in charge the bicycle racing event of next Sunday offer a few suggestions to the entrants. It will pay the riders to sit up and take notice.

Boys riding heavy wheels will be in the majority on the racing course and it is confidently said that they expect to win, even under the handicap they expect to be placed under.

Handicaps will be allowed and averaged the night before the race. A meeting of the committee will be held for this purpose.

It is reported that twenty riders have already entered for the event and it is expected that a number of others will enlist during the early part of the week.

Prizes will be on display in bicycle dealers' windows within the next few days. Take a look at them, boys, and make an effort to get some of them.

Dan Eisein will have a formal opening at the Hot Springs on the day of the racing and a kindly reception will be given the contestants and spectators.

Yesterday Salt Lake celebrated national bicycle week with a ten-mile road race. There were fifty fast riders who made a good showing and the event was very interesting.

Ogden's ten-mile race from Twenty-seventh street to the Hot Springs will be held on May 11.

Of course the Salt Lake boys have been barred from the coming event but their presence next Sunday should induce the Ogden lads to train a little harder.

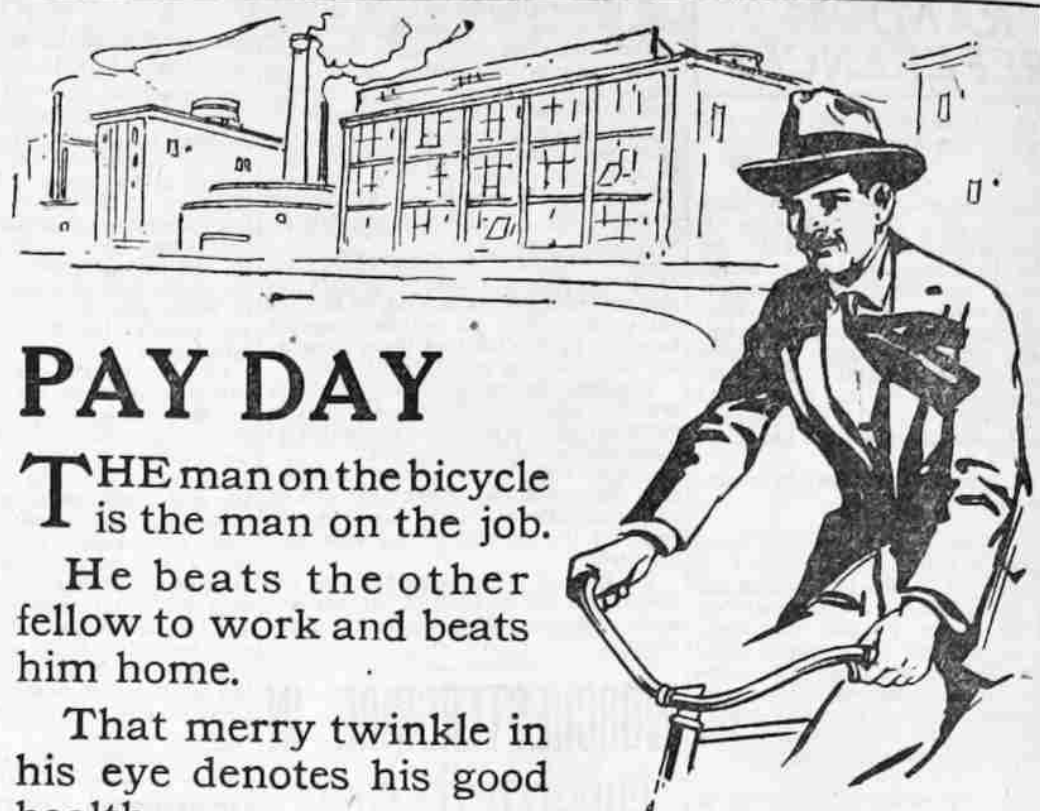

Harry Wohrman has had a great deal of experience in the road racing game and he states that it isn't necessary for the boys to have racing wheels for this race as it is an amateur affair from start to finish, even though the entries do amount to hundreds of dollars.

Robert L. Proudfit, who is the head of the racing committee, stated yesterday that recent word from the National Bicycle Directorate is to the effect that the prizes had been shipped and would soon be on display. Mr. Proudfit has also sent for copies of the National Cycling association racing rules and these will be distributed among the riders.

Browning Bros. are presenting every rider who registers there with a knit racing cap.

Riders will be handicapped according to their ages and years of racing experience so that every boy in the city has just as good a chance to win the main awards as the crack rider.

Contestants will be allowed until

### PAY DAY

THE man on the bicycle is the man on the job.

He beats the other fellow to work and beats him home.

That merry twinkle in his eye denotes his good health.

The jingle in his pocket is carfare saved.

He may have to spend his days in a factory, but not his nights in a street car.

He doesn't have to race to dinner, at noon; he glides.

He doesn't get a scolding from his wife for being late.

He can give to his babies the time which he formerly gave to some railroad.

His appetite is good because he gets open-air exercise.

His work comes easy because he is all vigor.

His mental and physical alertness gives him greater earning capacity.

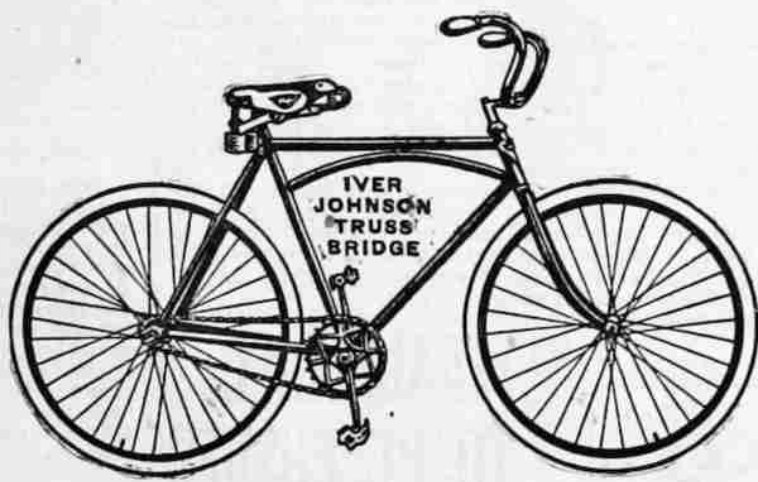

When Pay Day comes 'round he gets a fatter envelope. Every American workman should

## Bike Time Is Here

### The Invincible Iver Johnson

Ever notice how many more of your friends are riding IVER JOHNSONS this season?

Same thing is happening everywhere. The list of IVER JOHNSON owners is being added to each day for several good reasons.

There is a war-time demand for bicycles by all classes of people of all ages and those who are careful to get the most for their money realize that to get the maximum service, comfort and good looks they must have an

Saturday at noon to register, as the applications blanks must go before the racing committee for averaging the handicaps.

At a meeting of the bicycle dealers Wednesday evening the officials for the race will be named.

### VISCOUNT FRENCH NAMED VICEROY

Celebrated Irish Field Marshal Succeeds Baron Wimborne by Orders of British Government.

LONDON, May 6.—The appointment of Field Marshal Viscount French as viceroy of Ireland comes somewhat as a surprise. It was known that the government was experiencing considerable difficulty in finding a successor to Baron Wimborne and that this was the reason for delay in announcing officially the appointment of Edward Shortt as chief secretary which was known unofficially many days ago.

No one, however, anticipated such a purely military appointment as the celebrated field marshal.

Viscount French is of Irish extraction. He has a seat in Ireland, is colonel of Irish regiments and a popular figure in the country, but that is hardly likely to reconcile the Irish people to his appointment for they will see in it nothing but a threat to put conscription into effect.

### RIDE A BICYCLE AND CUT THE HIGH COST OF LIVING

The Bicycle is the most economical method of transportation. It saves shoe leather; it saves delivery charges on your packages. It makes you healthy and increases your energy.

If you have an old bicycle bring it to us and we will make it like new. We do all kinds of bicycle repairing, as well as handle rebuilt bicycles, good as new, at half the new price.
